TDK named Climate Leader on CDP's Annual 'A-List' for global water stewardship

December 09, 2020

TDK Corporation (TSE:6762) has been recognized for its leadership in corporate sustainability by global environmental non-profit CDP, securing a place on its prestigious 'A List' for focusing on water security. CDP is a global non-profit that drives companies and governments to reduce their greenhouse gas emissions, safeguard water resources and protect forests. Over 9,600 companies with over 50% of global market capitalization disclosed environmental data through CDP in 2020. This is the first time for TDK to be selected by CDP as an "A List Company" for water security. In addition, TDK has received an "A-" ranking in the climate change category.

TDK has established the [TDK Environmental Charter](#), consisting of the Basic Principle on the Environment and the Basic Policy on the Environment, which make up the entire group's environment policy aimed at contributing to the sustainable development of society. In line with the Charter, TDK formulated the Environmental Vision and Environmental Action Plan as a fundamental framework for implementing specific environmental activities and initiatives. To bring more awareness to the importance of water as a natural resource, TDK set a target for reducing water use and is striving to control water-related risks.

Based on this principle, the TDK Group will carry out environmental protection activities quickly and effectively with special consideration for climate change, biodiversity and finitude of resources. Through its innovative core technologies and solutions, the company will advance the development of a sustainable society, helping to ensure future generations around the world have access to clean and safe water supplies.
