TDK named the "Most Honored Company" in the 2025 Japan Executive Team by Extel (formerly Institutional Investor)

- TDK achieved the "Most Honored Company" in the 2025 Japan Executive Team by Extel
- TDK received a first place rankings in four categories: "Best CFO," "Best Investor Relations Program," "Best ESG," and "Best Company Board"

February 25, 2025

TDK Corporation (TSE:6762) has been named the "Most Honored Company" in the electronic components sector of Extel's (formerly Institutional Investor) 2025 Japan Executive Team. TDK also achieved a first place rankings in four categories—"Best CFO," "Best Investor Relations Program," "Best ESG," and "Best Company Board".

This survey, conducted by Extel since 2013, selects outstanding publicly listed companies in Japan for their excellent IR activities based on votes from global institutional investors and securities analysts. In this survey, 541 investors, portfolio managers, and analysts from 227 companies participated, with a total of 387 companies nominated across 28 sectors.

TDK remains committed to enhancing corporate value through constructive dialogue and collaborative activities with all stakeholders.

About TDK Corporation

TDK Corporation is a world leader in electronic solutions for the smart society based in Tokyo, Japan. Built on a foundation of material sciences mastery, TDK welcomes societal transformation by resolutely remaining at the forefront of technological evolution and deliberately “Attracting Tomorrow.” It was established in 1935 to commercialize ferrite, a key material in electronic and magnetic products. TDK’s comprehensive, innovation-driven portfolio features passive components such as ceramic, aluminum electrolytic and film capacitors, as well as magnetics, high-frequency, and piezo and protection devices. The product spectrum also includes sensors and sensor systems such as temperature and pressure, magnetic, and MEMS sensors. In addition, TDK provides power supplies and energy devices, magnetic heads and more. These products are marketed under the product brands TDK, EPCOS, InvenSense, Micronas, Tronics and TDK-Lambda. TDK focuses on demanding markets in automotive, industrial and consumer electronics, and information and communication technology. The company has a network of design and manufacturing locations and sales offices in Asia, Europe, and in North and South America. In fiscal 2024, TDK posted total sales of USD 14.6 billion and employed about 101,000 people worldwide.
