**TDK selected as "Sustainability Yearbook Member 2026" by S&P Global**

February 24, 2026

TDK Corporation (TSE:6762) has been selected as a "Yearbook Member" in "The Sustainability Yearbook 2026" published by S&P Global (headquarters: USA), an international research and rating agency.

Every year, S&P Global evaluates the sustainability of the world's major companies based on three aspects: governance and economy, environment, and society. The highest-rated 15% of companies in each industry are selected each year as "Yearbook Members" and published in "The Sustainability Yearbook." This year, 848 companies were selected as "Yearbook Members" from more than 9,200 companies evaluated. TDK has been selected continuously since 2021, and this is the sixth consecutive year of selection.

In this year's assessment, TDK's initiatives, including further enhancing information disclosure and the first-time acquisition of third-party assurance for employee-related data, were highly recognized, leading to its selection for the sixth consecutive year.

TDK will continue to contribute to the realization of a sustainable future based on the company's long-term vision, "TDK Transformation: Accelerating transformation for a sustainable future," while aiming to solve social issues through TDK's business based on its management philosophy.

## About TDK Corporation

TDK Corporation (TSE:6762) is a global technology company and innovation leader in the electronics industry, based in Tokyo, Japan. With the tagline “In Everything, Better” TDK aims to realize a better future across all aspects of life, industry, and society. For over 90 years, TDK has shaped the world from within; from the pioneering ferrite cores to cassette tapes that defined an era, to powering the digital age with advanced components, sensors, and batteries, leading the way towards a more sustainable future. United by TDK Venture Spirit, a start-up mentality built on visions, courage and mutual trust, TDK’s passionate team members around the globe pursue better—for ourselves, customers, partners, and the world. Today, the state-of-the-art technologies of TDK are in everything, from industrial applications, energy systems, electric vehicles, to smartphones and gaming, at the core of modern life. TDK’s comprehensive, innovative-driven portfolio includes cutting-edge passive components, sensors and sensor systems, power supplies, lithium-ion and solid-state batteries, magnetic heads, AI and enterprise software solutions, and more—featuring numerous market-leading products. These are marketed under the product brands TDK, EPCOS, InvenSense, Micronas, Tronics, TDK-Lambda, TDK SensEI, and ATL. Positioning the AI ecosystem as a key strategic area, TDK leverages its global network across the automotive, information and communication technology, and industrial equipment sectors to expand its business in a wide range of fields. In fiscal 2025, TDK posted total sales of USD 14.4 billion and employed about 105,000 people worldwide.
