TDK selected for the first time as a constituent of the Dow Jones Best-in-Class Asia Pacific Index

May 20, 2026

TDK Corporation (TSE:6762) has been selected, for the first time, as a constituent of the Dow Jones Best-in-Class Asia Pacific Index. This index is part of the Dow Jones Best-in-Class Indices, one of the world's leading ESG (Environmental, Social and Governance) investment indices.

The Dow Jones Best-in-Class Indices is a leading ESG indices provided by S&P Dow Jones Indices LLC, one of the world's most prominent index providers. Based on the Corporate Sustainability Assessment (CSA) conducted by S&P Global, companies are comprehensively evaluated from three dimensions—Governance & Economic, Environmental, and Social—and those who demonstrate outstanding sustainability performance are selected.

The Dow Jones Best-in-Class Asia Pacific Index comprises leading companies in the Asia-Pacific region, with 162 companies (including 76 Japanese companies) selected this year from approximately 600 companies in the region. In the latest assessment, TDK's score in the Governance & Economic dimension increased compared with the previous year, which TDK believes was one of the factors behind its first-time inclusion in the Index.

TDK will continue to contribute to the realization of a sustainable future based on the company's long-term vision, "TDK Transformation: Accelerating transformation for a sustainable future," while aiming to solve social issues through TDK's business based on its management philosophy.

About TDK Corporation

TDK Corporation (TSE:6762) is a global technology company and innovation leader in the electronics industry, based in Tokyo, Japan. With the tagline “In Everything, Better” TDK aims to realize a better future across all aspects of life, industry, and society. For over 90 years, TDK has shaped the world from within; from the pioneering ferrite cores to cassette tapes that defined an era, to powering the digital age with advanced components, sensors, and batteries, leading the way towards a more sustainable future. United by TDK Venture Spirit, a start-up mentality built on visions, courage and mutual trust, TDK’s passionate team members around the globe pursue better—for ourselves, customers, partners, and the world. Today, the state-of-the-art technologies of TDK are in everything, from industrial applications, energy systems, electric vehicles, to smartphones and gaming, at the core of modern life. TDK’s comprehensive, innovative-driven portfolio includes cutting-edge passive components, sensors and sensor systems, power supplies, lithium-ion and solid-state batteries, magnetic heads, AI and enterprise software solutions, and more—featuring numerous market-leading products. These are marketed under the product brands TDK, InvenSense, Micronas, Tronics, TDK-Lambda, TDK SenseEI, and ATL. Positioning the AI ecosystem as a key strategic area, TDK leverages its global network across the automotive, information and communication technology, and industrial equipment sectors to expand its business in a wide range of fields. In fiscal 2026, TDK posted total sales of USD 16.6 billion and employed about 107,000 people worldwide.
