TDK has been selected as a constituent of three ESG investment indices provided by FTSE Russell

- TDK was selected for the FTSE4Good Index Series and FTSE JPX Blossom Japan Index for the tenth consecutive year.
- TDK maintained a strong FTSE Russell ESG Rating of 4.8 out of 5, reflecting the comprehensive evaluation of its sustainability initiatives and disclosures across environmental, social and governance areas.
- TDK is currently included in five ESG investment indices adopted by Japan's Government Pension Investment Fund, reinforcing its continued commitment to sustainability and addressing social issues through its business activities.

August 6, 2026

TDK Corporation (TSE: 6762) announced that it has been selected for the tenth consecutive year for the "FTSE4Good Index Series" and the "FTSE JPX Blossom Japan Index," and for the fifth consecutive year for the "FTSE JPX Blossom Japan Sector Relative Index." All three are exemplary ESG investment indices provided by FTSE Russell, a global index provider.

The FTSE Russell ESG Rating evaluates companies' initiatives to address potential environmental, social, and governance (ESG) risks based on the business characteristics of the companies assessed. TDK's sustainability initiatives and related disclosures were comprehensively evaluated across all areas, and TDK maintained a score of 4.8 out of 5, following last year's result.

These indices are widely used as benchmarks for sustainable investment by institutional investors, including Japan's Government Pension Investment Fund (GPIF). Currently, TDK is included in the following five ESG investment indices for Japanese equities adopted by GPIF, including the two indices mentioned above:

- FTSE JPX Blossom Japan Index
- FTSE JPX Blossom Japan Sector Relative Index
- MSCI Nihonkabu ESG Select Leaders Index
- S&P/JPX Carbon Efficient Index
- Morningstar Japan ex-REIT Gender Diversity Tilt Index

TDK will continue to contribute to the realization of a sustainable future based on the company's long-term vision, "TDK Transformation: Accelerating transformation for a sustainable future," while aiming to solve social issues through TDK's business based on its management philosophy.

About TDK Corporation

TDK Corporation (TSE:6762) is a global technology company and innovation leader in the electronics industry, based in Tokyo, Japan. With the tagline “In Everything, Better” TDK aims to realize a better future across all aspects of life, industry, and society. For over 90 years, TDK has shaped the world from within; from the pioneering ferrite cores to cassette tapes that defined an era, to powering the digital age with advanced components, sensors, and batteries, leading the way towards a more sustainable future. United by TDK Venture Spirit, a start-up mentality built on visions, courage and mutual trust, TDK’s passionate team members around the globe pursue better—for ourselves, customers, partners, and the world. Today, the state-of-the-art technologies of TDK are in everything, from industrial applications, energy systems, electric vehicles, to smartphones and gaming, at the core of modern life. TDK’s comprehensive, innovative-driven portfolio includes cutting-edge passive components, sensors and sensor systems, power supplies, lithium-ion and solid-state batteries, magnetic heads, AI and enterprise software solutions, and more—featuring numerous market-leading products. These are marketed under the product brands TDK, InvenSense, Micronas, Tronics, TDK-Lambda, TDK SenseEI, and ATL. Positioning the AI ecosystem as a key strategic area, TDK leverages its global network across the automotive, information and communication technology, and industrial equipment sectors to expand its business in a wide range of fields. In fiscal 2026, TDK posted total sales of USD 16.6 billion and employed about 107,000 people worldwide.
