Corporate Governance

Adoption of the Company Auditor System and Strengthening of the Supervisory Function:

TDK has adopted the Company Auditor System pursuant to the Companies Act of Japan and has appointed three independent Outside Company Auditors (of the five Company Auditors) who have no conflicts of interest in TDK in order to strengthen the supervision of TDK's management.

2. Strengthening the Function of the Board of Directors and Increasing the Accountability of Directors:

TDK has a small number of Directors to expedite the management decision-making process. At the same time, TDK has appointed objective, independent Outside Directors (three) in order to enhance the supervision of TDK's management. In addition, the Directors' terms of office are set at one year to give shareholders an opportunity to cast votes of confidence regarding Directors' performance every business year.

3. Adoption of a Corporate Officer System for Expeditious Business Execution:

TDK has adopted a Corporate Officer system that separates the management decision-making and Director supervisory functions of the Board of Directors from the execution of business. Corporate Officers are in charge of business execution and carrying out decisions made by the Board of Directors and thereby expeditiously execute business operations in accordance with management decisions.

Establishment of Advisory Bodies to the Board of Directors:

The Business Ethics & CSR Committee, Disclosure Advisory Committee, Compensation Advisory Committee, and Nomination Advisory Committee have been established as advisory bodies to the Board of Directors.

Response to the Corporate Governance Code

In response to the Corporate Governance Code, which has applied to companies listed on the Tokyo Stock Exchange since June 2015, TDK compiles reports based on the principles of the code. In addition, in 2016 TDK formulated the TDK Basic Policy on Corporate Governance with the aim of contributing to the Group's sustained growth and enhancement of corporate value over the medium to long term. From now on also, the TDK Group will strive to ensure appropriate information disclosure and transparency, to properly fulfill the roles and responsibilities of the Board of Directors, and to further invigorate constructive engagement (dialogue) with shareholders and investors.
